Subject: Compliance with ZDHC Manufacturing Restricted Substances List for EthylDiglycol (CAS 111-90-0)

Dear customer,

We Faichim s.r.l. hereby confirm that the material with CAS number 111-90-0 comply with the Zero Discharge of Hazardous Chemicals Manufacturing Restricted Substances List version 3.1 (ZDHC MRSL v 3.1).

Ethyl diglycol is a reaction product of ethanol and ethylene oxide. There is no residual Ethylene Oxide (CAS 75-21-8) present, however following potential contaminants or by-products are listed on ZDHC MRSL:

- Ethylene glycol monoethyl ether (CAS 110-80-5) at trace levels less than 0.1 wt%
- Ethylene glycol monomethyl ether (CAS 109-86-4) at trace levels less than 0.01 wt%

Yours sincerely,

Technical Office
